Total Crimes for August 2024 in the Richmond rural area – 30

Equipment and tool security can be a particular issue for rural businesses and farms.

To keep your belongings safe:

Lock equipment away in a secure building or part of a building when not in use

Invest in a secure storage toolbox

Install a burglar alarm on buildings where equipment is kept

Always lock vehicles when left outside and keep the keys in your possession

Keep expensive items and vehicles out of sight when not in use

Consider using hitch locks, wheel clamps or ground anchors

Mark your tools and equipment and register them

Keep a record of all valuable items

Consider fitting outside security lights

Take a good look around your property boundary for any potential places where it could be made more secure.

Consider:

Planting thorny hedging to act as a natural barrier

Digging deep ditches to control and deter unwanted vehicle access

If possible, having a single-gated access point to the property

Using locking posts or temporary obstructions to control large openings

Invert and cap gate hinges

Making sure fixing bolts are secure and use covered padlocks

Installing warning signs

Security cameras can deter criminals in the first place - and also help the police identify them and bring them to justice.

We're asking you to register your CCTV cameras or video doorbells on our secure digital evidence management system, NICE Investigate.

It's a quick and easy process. By registering now, you will be set up to send us footage which we can use to catch criminals.

You'll be helping to keep your property and your community safe.

- The service is entirely free of charge.
- Your information is kept safe and secure, never made public.
- Only the police will be able to see your security camera locations.
- Your participation is always completely voluntary.

Register now

- 1** Send us an email to digitalevidence@northyorkshire.police.uk telling us that you would like to register your business or home security cameras.
- 2** Wait for an email reply – you will be contacted by a colleague from North Yorkshire Police with a link and an information pack.
- 3** Click the link in the email to securely register your cameras, and upload any footage if needed.
